DATA CABLE & COMPONENTS

FABER

DATA CABLE

For connecting EDP system units near the workplace (tertiary area), i.e. between floor distributors and workplaces. Conforms with the radio interference (EMC) requirements of EN 55022 and the guidelines of the European postal administration. The tin-plated shield braid additionally offers an interference-proof transition to shielded data connectors.

RJ45-CONNECTION MODULES

With the RJ45 Keystone module, users can count on a RJ45 female connector module of the highest quality. Installable in under a minute with side cutter. The freely accessible contact zone ensures a perfect assembly quality, and thus a protected transmission performance. 360° shield connectivity only requires the integrated wedge to lock in, without the time-intensive attachment of a cable strap.

CAT. 6A (ISO/IEC) SCREENED <i>Individual component-certified acc. to IEC 60603-7-51</i>		article number
EasyLan fixLink RJ45-Keystone Cat. 6A (ISO/IEC), screened standard		072531
EasyLan fixLink RJ45-Keystone Cat. 6A (ISO/IEC), screened angled		072958
EasyLan fixLink RJ45-Keystone Cat. 6A (ISO/IEC), screened connector		072959
CAT. 6A (ISO/IEC) WITHOUT SCREENING <i>acc. to IEC 60603-7-41 & ANSI/TIA 568.2</i>		
EasyLan fixLink RJ45-Keystone Cat. 6A (ISO/IEC), without screening standard		072961

FABER

PATCHPANEL

The 19" distribution panel can be equipped with up to 24 Keystone modules (fixLink or basicLink). It has a two-level design, ensuring module flushness in the front plate.

24-PORT FOR 19" MOUNTING		article number
Patch panel 1 HE for 24 Keystone modules (fixLink/basicLink) RAL7035 grey Galvanized steel / surface powder-coated		072533
Patch panel 1 HE for 24 Keystone modules (fixLink/basicLink) RAL9005 black Galvanized steel		072534
Patch panel 0.5 HE for 24 Keystone modules (fixLink/basicLink) Stainless steel		072957

DATA BOXES (DESIGNABLE)

For installation in a cable duct (EK), flush mounting (UP), or also surface-mounting (AP) with a separate frame. Breaking off two mounting brackets also enables floor outlet box mounting (BT). The designable data outlet is compatible with virtually all market-standard switch ranges.

MODULE SUPPORT <i>(designable)</i>		article number
Designable Module holder (2-port) 2-fold for RJ45 Keystone with 50x50 mm central plate RAL9010 (white), incl. die-cast zinc frame		072535
Designable Module holder (1-port) 1-fold for RJ45 Keystone with 50x50 mm central plate RAL9010 (white), incl. die-cast zinc frame		072962
Designable Module holder (1-/2-port) 1-/2-fold for RJ45 Keystone without central plate, incl. die-cast zinc frame		072963
Outer frame for 1 designable module holder, 80x80 mm		072964
Outer frame for 2 designable module holder, 80x150 mm		072965
On-wall housing IP20 Compatible with designable and non-designable module supports, 80x80x42 mm		072966

This module holder is generally compatible with the 1-fold and 2-fold UAE covers of all well-known switch range manufacturers.

The EasyLan module holder has been additionally tested with various makes and models. Please see the overview of manufacturers / lines and attendant article numbers for UAE covers and frames opposite.

FABER

DATA BOXES (NOT DESIGNABLE)

For installation in a cable duct (EK), flush mounting (UP), or also surface-mounting (AP) with a separate frame. Breaking off two mounting brackets also enables floor outlet box mounting (BT). The SL module holder can safely and durably accommodate one to three Keystone modules.

MODULE SUPPORT SL <i>(not designable)</i>		article number
Module support SL (3-port) 3-fold for RJ45 Keystone with 50x50 mm central plate and 80x80 mm outer frame, with labelling window, RAL9010 (white), incl. die-cast zinc frame		072969
Module support SL (2-port) 2-fold für RJ45-Keystone with 50x50 mm central plate and 80x80 mm outer frame, with labelling window, RAL9010 (white), incl. die-cast zinc frame		072968
Module support SL (1-port) 1-fold für RJ45-Keystone with 50x50 mm central plate and 80x80 mm outer frame, with labelling window, RAL9010 (white), incl. die-cast zinc frame		072967
On-wall housing IP20 Compatible with designable and non-designable module supports, 80x80x42 mm		072966

DATA BOXES (PROTECTION CLASS: IP44)

Robust on-wall housing IP44 – splash-proof 2-fold for RJ45 Keystone, 76x58x87.3 mm		072970
---	---	--------

FABER

FLOOR OUTLET BOX SUPPORTS

The Keystone floor outlet box support replaces the equipment support and thus offers the greatest possible space available in the cable feed. The canted in- and outlet also enables safe cable routing with very low false floors. The mounting plates are fastened to the support plate with two screws.

BASIC GB2 / GB3 <i>for OBO / Ackermann</i>		article number
Floor outlet box insert for up to 12 RJ45 Keystone modules Support plate Basic GB2, black		072537
Floor outlet box insert for up to 8 RJ45 Keystone modules Support plate Basic GB2, black		072536

Further floor outlet box solutions available upon request.

Top hat rail module housing for 1 Keystone, suitable for distribution cabinets with cover for circuit breakers, 18x65x90 mm (1 TE-mounting) RAL7035 (grey)		072972
Stripping tool		072973
Parallel crimping pliers for crimping RJ45 Keystone modules		072974
Copper band for fastening the braided shield pre-cut to 35x9 mm (bag with 20 pieces)		072975

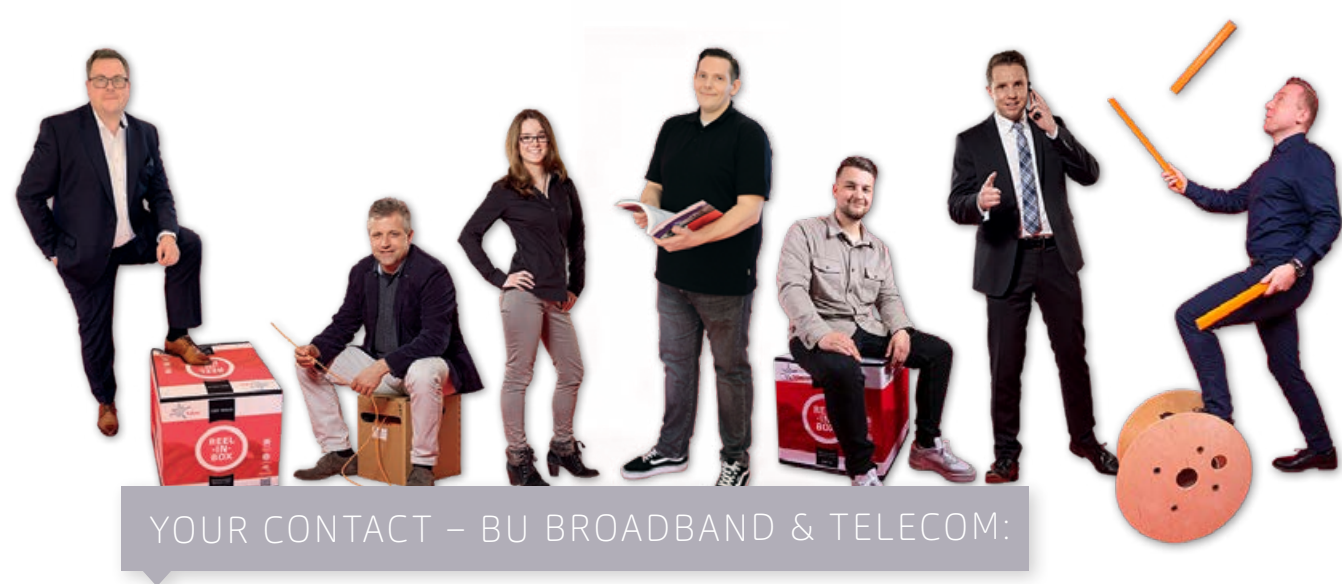

FABER

RJ45-PATCH CORDS

These patch cords are particularly suited for use in offices and computer centres. The cable used offers the highest transmission quality thanks to its braided shield with pair shielding and 360°-shielded RJ45 connectors.

RJ45 S/FTP SCREENED CAT. 6A		article number
Patch cords RJ45 S/FTP (screened) Cat. 6A (ISO/IEC), grey, Length: 0.5 m		073030
Patch cords RJ45 S/FTP (screened) Cat. 6A (ISO/IEC), grey, Length: 1 m		072976
Patch cords RJ45 S/FTP (screened) Cat. 6A (ISO/IEC), grey, Length: 2 m		072977
Patch cords RJ45 S/FTP (screened) Cat. 6A (ISO/IEC), grey, Length: 3 m		072978
Patch cords RJ45 S/FTP (screened) Cat. 6A (ISO/IEC), grey, Length: 5 m		072979
Patch cords RJ45 S/FTP (screened) Cat. 6A (ISO/IEC), grey, Length: 7.5 m		072980
Patch cords RJ45 S/FTP (screened) Cat. 6A (ISO/IEC), grey, Length: 10 m		072981

Further lengths and colours upon request. Available colours: white, black, grey, red, yellow, green, blue, turquoise, violet, orange.

HIGH PRODUCT AVAILABILITY
 MEETS STRONG RANGE.

With its two logistics locations and stock worth around € 100 mill, Faber is one of the strongest cable logistics partners in Europe. A large number of products are available for you directly from the warehouse. This allows us to assure a delivery period of 24 to 72 hours. In addition, with our cutting service we are able to cut the required goods precisely to your wishes, and realise and send special features.
