

EHT

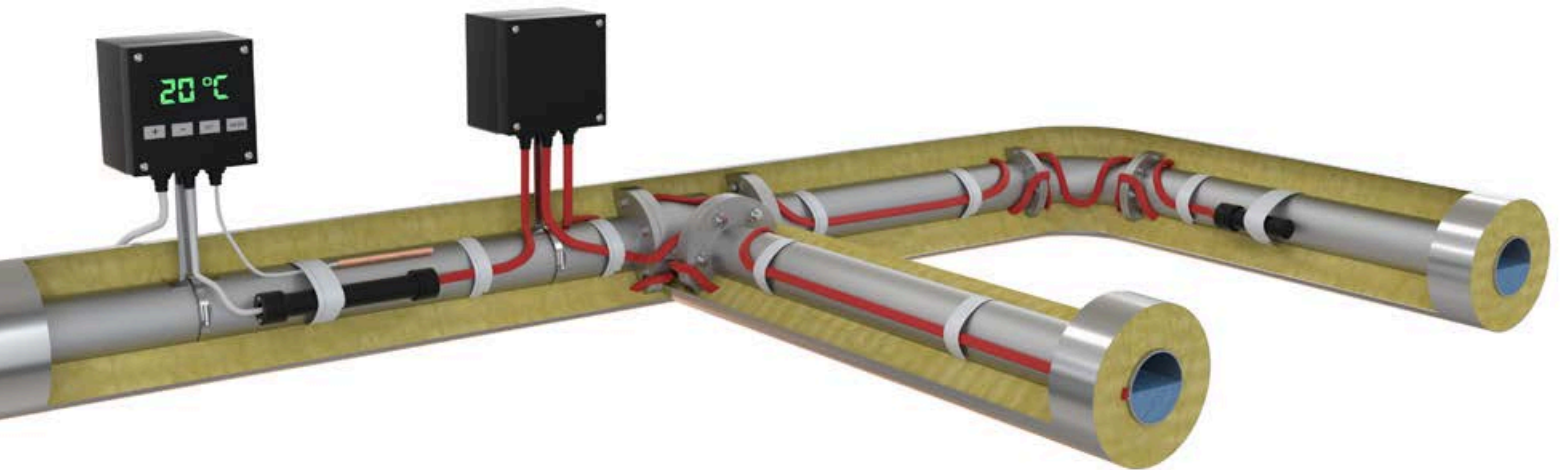

ELECTRICAL HEAT TRACING

FROST PROTECTION AND TEMPERATURE MAINTENANCE

FABER

WIDE RANGE

WE ENSURE
THE RIGHT
TEMPERATURE.

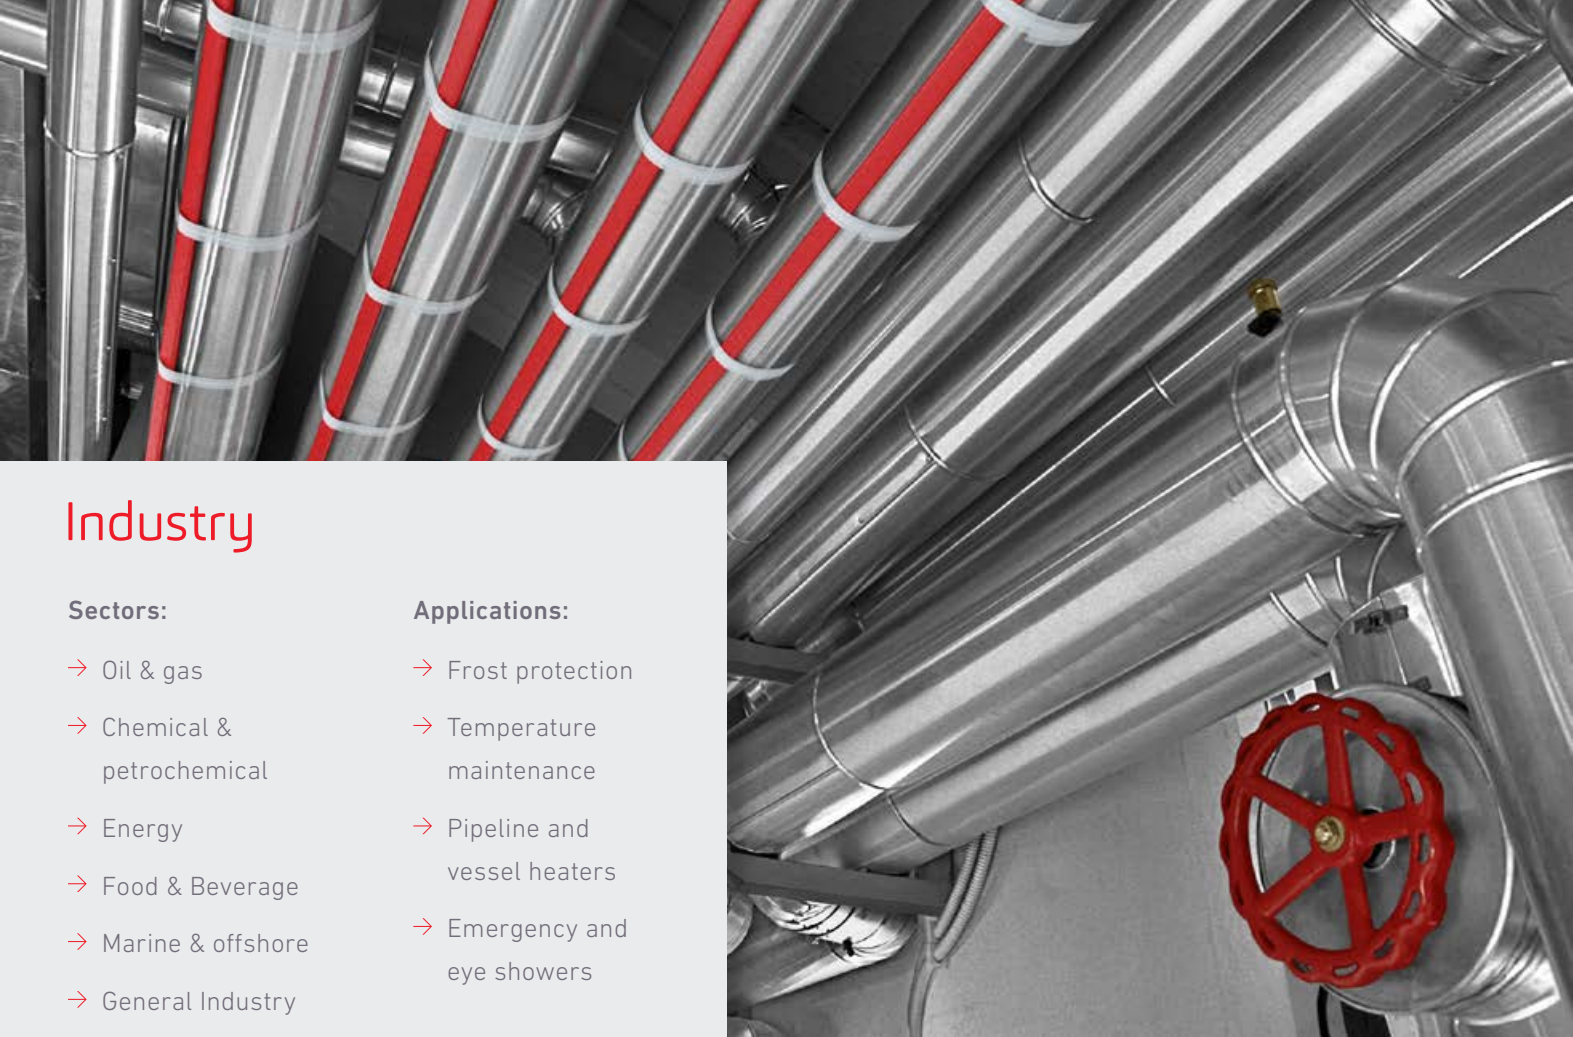

- Strong brands and manufacturers
- All heating conductor technologies: Self-regulating heating tapes, constant wattage heating cables and many more
- Matching accessory components as well as assembly materials

FABER

AVAILABILITY

- Large storage capacities at three locations
- High availability of spare parts
- Very good delivery capacity
- Flexible handling

Industry

Sectors:

- Oil & gas
- Chemical & petrochemical
- Energy
- Food & Beverage
- Marine & offshore
- General Industry

Applications:

- Frost protection
- Temperature maintenance
- Pipeline and vessel heaters
- Emergency and eye showers

Building and Infrastructure

Sectors:

- Commercial construction
- Housing construction
- Infrastructure

Applications:

- Frost protection
- Hot water pipes (legionella avoidance)
- Keeping assets free of ice and snow e.g. rain pipes and surfaces
- Floor heating
- Heating of sprinkler lines

- Trace Heating Systems are customer- and application-specific planned.
- The planning and installation (or assembly) is crucial for the reliability and operational safety and existentially important in hazardous areas.
- Everything from a single source: You receive optimal planning and implementation of your trace heating project and, in addition, we assume full responsibility.
- Therefore our full service offer over the complete project cycle is a recommendable step to take.

FABER & ZIEGLER ENGINEERING

THE PERFECT PARTNERS

Whether for industry or building technology, we take care of your trace heating project.

We deliver all products to you quickly and reliably. In addition, together with our subsidiary ZIEGLER ENGINEERING GmbH, we offer you all services related to trace heating:

- Technical advice
- Planning, engineering and documentation
- Installation, assembly support, commissioning and maintenance
- Pre-assembly of trace heating systems
- Supply of switchgear and insulation

Please contact us.

We will be happy to support you in the implementation of your project.
